## **FOREWORD**

The Office of RNI has completed **58 years** of its existence since 1<sup>st</sup> July 1956. The first report was published in 1957 covering six months i.e. July to December 1956 when the office of RNI was established in New Delhi. This is the **58<sup>th</sup> Annual Report**.

This Annual Report, popularly known as “**Press in India**” compiled and submitted by the Press Registrar to the Government of India, is a statutory requirement under **Section 19 G of the Press and Registration of Books Act, 1867**. It is an analysis of the Indian Press with its focus mainly on circulation as claimed by the publications in the Annual Statements filed online by them.

It is a matter of concern that out of the total **99,660** registered publications at present, only **19,755** or **19.82%** filed their Annual Statements online to the office of RNI for the year **2013-14**. We hope to have greater compliance from the publishers in the years to come and continuous efforts would be made to make them comply with their statutory obligations.

The highlights of the Report can be seen in **Chapter – I, “General Review”**.

Advances in Information Technology have enabled RNI to devise certain applications for facilitation of publishers. One such application is uploading all the details about title & registration cases on its website for public view. This has led publishers to know the status of their title applications as well as registration status instantly. RNI has also started sending information through SMS and E-mail to the applicant about the status of title applications as well as registration applications. All the rules, regulations & guidelines including the PRB Act, 1867, Registration of Newspapers (Central) rules 1956 & other requisite formats have been put on the website. On-line e-filing of Annual Statements, launched by RNI during 2012-13, was made mandatory from 2013-14. This will help the stakeholders especially those from North-Eastern Region and Jammu & Kashmir avoid coming to Delhi for redressing their grievances.

A **public query response cell** is already in operation with an ID:-**pqrc-rni@nic.in** to facilitate publishers in getting response for various queries regarding title verification; registration etc. It is our earnest hope that RNI will continue to render its best services to the publishers and ensuring their compliance to the law of the land in the national interests.

We also hope that this report will be of immense use to the print media, media analysts and research scholars as well as aspiring young publishers and members of public.

I am happy to record my appreciation to the team of officials for their sincere efforts in preparation of “Annual Report 2013-14” and my gratitude to the Hon’ble Minister I&B, Shri Prakash Javadekar, Secretary I&B, Shri Bimal Julka and other officials of the Ministry of I&B for their unstinted support and guidance.

## **I. GENERAL REVIEW**

**1.1.1.** Importance of people's access to information cannot be undermined in a country like India which is the largest democracy in the world. Print Media, rightly called the fourth estate, is one of the most important contributors in this respect. RNI and the Ministry of I & B, Govt. of India feels proud that till 31<sup>st</sup> March, 2014 as good as 99,660 publications (Newspapers & Other periodicals) have been registered in India witnessing a constant growth of the Print Media. This growth in the number of registered publications (Newspapers & Other periodicals) and circulation thereof disproves the common apprehension that proliferation of audio visual media and internet would significantly affect the Print Media. It has enabled the common man, who started asserting his rights to participate in the functioning of the institutions to strengthen democracy.

**1.1.2.** Print Media has responded to the new changes and challenges with its modern approach. It has embraced Information Technology, which resulted in better coverage with great speed and affordable price. The readership of newspapers is also growing.

**1.1.3.** Statistics show that people prefer their regional language publications and that is why the regional publications are venturing out to bring editions from other cities where there is sizeable population of the people knowing respective language.

**1.1.4.** Under the provision of the Section 19D of the Press and Registration of Books Act, 1867, publishers of all registered publications (newspapers and periodicals) are required to submit their Annual Statements to the Registrar of Newspapers for India. These Annual Statements are the principal source of data for compilation of this Report. However, submission of Annual Statements has not yet gathered momentum. Only a handful of the publishers submit their Annual Statements every year. This year only 19.82% of the publishers have submitted their annual statements. Hence, this report cannot be construed as comprehensive. It can give only a broad overview about the general trend of the Indian Press based on the number and claimed circulation of publications.

**1.1.5.** During 2013-14, 5,642 new publications were registered and 49 registered publications ceased their publications. The total circulation of publications increased from 40,50,37,930 copies per publishing day in 2012-13 to 45,05,86,212 copies per publishing day in 2013-14. ### **III. NUMBER OF PUBLICATIONS**
